Digital leaders: a sustainable resource for ICT development

The benefits of employing digital leaders:

- Support / maintain ICT developments and innovations in school
- Bring a fresh perspective to technology
- Reduce the workload of the ICT coordinator
- Optimises time in school
- Digital leaders learn skills beyond ICT
- Instilling sense of responsibility
- Engage stakeholders in developing & understanding use of ICT in learning

A digital leader's role:

- Learn how to use new technologies
- Support teachers
- Offer peer learning
- Provide workshops - for peers, staff, parents, governors, wider community
- Become experts in an area of ICT
- blog about their work
- Learn how to present and communicate ideas about Digital Leadership
- Trial new software and review on behalf of school
