Ongoing school response to Covid-19

If your child has any of the 3 main symptoms (persistent cough, high temperature, loss of taste/smell) they must not attend school and should get a PCR test (call 119). They should not return to school until the test result has come through.

If your child has other symptoms (runny nose, sore throat, flu-like symptoms) you can still request a PCR test and your child can attend school whilst waiting for the result.

Your co-operation in this is greatly appreciated. If your child receives a positive PCR test, please contact the school to inform us. Due to the pressure on TTP at present, the first notification for pupils who are considered close contacts may be from school and not TTP.
