

Outdoor learning—BIRDS

Dosbarth Bedwen—27 Jan 2023

Today we learned a new game to help us remember the names of birds.

We tidied up behind the shed to create a new bird-watching area.

We were now ready for our Big Bird Count.

Before Christmas, we had filled the compost bins. To-day, we turned, then emptied the compost into another container and looked at how far through the process the compost had progressed.

We talked about how important it is to mix 'brown' with 'green' organic matter to ensure a good compost.
