

Language, Literacy and Communication

This term in literacy, we will learn a finding story about a pirate called Tom. We will use Talk4Writing actions and a story map to help remember and recall the story. The children will go on to innovate the story to create their own twist on the tale. We will then move onto creating a non-fiction report linked to our topic. We will also use Voice21 actions to further enhance literacy skills.

We will be continuing to develop the children's Welsh skills through the Welsh phonics scheme 'Tric a Chlic' and daily 'Slot Drillio' sessions.

We will use the Fflic a Fflac continuum of work to learn the days of the week, the months of the year and the seasons. We will also be asking and answering questions about the weather before moving on to look at pets in Welsh.

Health and Wellbeing

This term, we will be working on the fundamental movement skills beginning with throwing and catching, jumping and running. They will explore using different equipment through physical literacy activities. We will also be having a weekly outdoor session on a Friday.

Welcome back Dosbarth Little Haven!

Croeso nôl, I hope you have had a lovely summer break and that you are now ready to start the new school year. This letter outlines the curriculum focus for each subject this term. We hope you find this information useful in supporting your child at home with the work they are engaged in at school.

Our topic this term is 'Our town' / 'Ein dref'

Curriculum focus for this term

Our town: Haverfordwest, Hwlfordd

What makes Haverfordwest an interesting place to live?

Religious Education

The pupils will be taught the Come and See themes based on the Church, Sacrament and Christian living. They will explore the following topics and big questions:

Families – Why do we have a family and who is in my family?

Belonging – What does it mean to belong?

Waiting – Is waiting always difficult?

Our virtues this term will be Compassionate and Loving & Faith-filled and Hopeful

Maths and Numeracy

Throughout the term we will continue to develop the children's mental arithmetic skills through quick fire mental maths activities.

We will start the term looking at days of the week, months of the year and seasons and talk about temperature as the term progresses. We will consolidate our learning on number and look at place value before moving on to addition and subtraction.

We will also be learning about common 2D and 3D shapes through exploratory play.

Topic

We will be exploring this topic across all areas of learning; expressive arts, science and technology, humanities, and health and wellbeing. The teaching will support the development of literacy, numeracy and digital skills.

Throughout this topic, the children will be at the centre of their learning in planning what they would like to find out. They have expressed an interest in learning about the different shops, visiting the library and finding out about things to do in Haverfordwest.
