Purpose

Dojo is a secure online learning journal to upload children's work, photos and videos to document their learning, to share and celebrate their achievements with the parent/carer.

Portfield School uses the Class Dojo App to celebrate pupils' achievements and share work and photographs with the parents and carers, who are invited to comment on their child's work and photographs as a positive home-school communication.

Pupils, teachers or level 3 school support staff will add media such as photos, videos, video stories, classwork, drawings, voice recordings and other digitally created media to the pupils' Dojo classes and portfolios.

The Dojo Parent account notifies parents / carers when new content is added, allowing instant access to their child's portfolio. Dojo portfolios are private and only accessible by the teacher, students, and parents.

Data

The data we upload is used to celebrate the pupil's achievements, and will include photos, videos, video stories, work, drawings, voice recordings and other digital content created by the pupils or Portfield staff. This data is linked to the pupil's Dojo account and portfolio.

Data Security

- Dojo takes protecting your security and privacy seriously and have put a number of measures in place to protect the integrity of the account.
- Dojo don't share any of your information or students' information with advertisers or marketers.
- Dojo don't own anything you add to ClassDojo: you do.
- Students' portfolios are private to the classroom.
- Dojo use the latest security best practices to protect you at all times.
- Dojo are compliant with COPPA, FERPA, and GDPR in Europe.
- Dojo will notify you if we make any changes to our practices.
- Teachers are always in full control over portfolio content, and will approve new portfolio items.
- Dojo routinely monitor systems for security breaches and attempts at inappropriate access.
