Assessment arrangements for Recording and Observing at funded non-maintained nursery settings

The '[Curriculum and Assessment \(Wales\) Act 2021](#)' (legislation.gov.uk) sets out the requirements relating to the design and implementation of curriculum and assessment arrangements.

As practitioners we have a duty to make provision about assessment arrangements. (a)The progress made by pupils and children (b)the next steps in their progression, and(c)the teaching and learning needed to make that progress.

In doing so, the following legislation 'Supporting learner progression assessment guidance' provides practitioners with the right to identify the progress being made by an individual learner, and **record** this, where appropriate, to understand the learner's journey over different periods of time and in a variety of ways. This includes developing an understanding of how a learner has learned, as well as what they have learned and are able to demonstrate.

Assessment arrangements support teaching and learning only and the '[framework for evaluation, improvement and accountability](#)' states that assessment should not be undertaken for accountability purposes. The purpose should be to better support children's learning and development and this is what we strive to do, at Cewri Bach Playgroup.

Absence

There will be no Fee for absence. Session fees are non-refundable.
